Objective

- Seeking a promising and advising career with solid establishment.

The subjects that I was teaching

- Database
- Network
- Webpage Design
- ICDL (International Computer Drive Lenience)

Summary of Skills

The subject that I can teaching

- Image processing and computer vision
- Data visualization
- Parallel Computing Architectures, Algorithms and Compilers
- Neural network and genetic algorithm
- Distributed system concept and design
- Data communication and computer network
- Computer security and cryptography
- All the undergraduate subject

Programming language

- Matlab
- C++
- Java
- JavaScript
- Webpage (HTML, DHTML)

Database

- 15 Aug 2002 – 16 Oct 2002 MTC(Mansi Technology Center)
- Oracle
- SQL\PLSQL
- Forms
- Report

English Language

- Speaking

- Writing
- Communication

Education

1999 – 2003	Irbid National University, Irbed, Jordan B.Sc, Computer Science, GPA : 70.6% (good). Graduate Project " Hospital Database" .
2004 – 2006	Sains Malaysia University , penang, Malaysia M.Sc, Computer Science, GPA 2.76 = 69 (Good) Graduate Project " Shape Representation and Image Retrieval '

Work Experience
