

MAHMOUD S. ABDALLAH, PhD

Associate Professor of Clinical Pharmacy

E-mail: m.mohamed@jadara.edu.jo
: mahmoud.samy@fop.usc.edu.eg

Adress: 11 Atef Abdelhaleim St./
Shebin El-Kom/ Menoufia/ Egypt
Irbid/ Jordan

Birthday: 9/7/1985

Phone: +201063340887
+962786979934

Marital Status: Married

Background:

- ⌘ I am a qualified clinical pharmacist with broad experience in community healthcare settings. I finished my PhD 5 years ago.
- ⌘ I consider myself an innovative, hard-working, people oriented and team player with high leadership capabilities.
- ⌘ With the belief that success comes from the inside out, I am eager to learn more and actively looking forward to "put research into action" where it goes beyond the lab to help making people lives easier, happier, and more active.
- ⌘ My Clinical Experience includes fields of gastroenterology; psychiatry; infectious diseases; rheumatoid arthritis, and diabetes. My interests include pharmacology, pharmacotherapy, drug interactions, pharmacy practice, patient monitoring and patient counseling.
- ⌘ In addition, I have teaching experience for 5 years through working as lecturer of clinical pharmacy in the University of Sadat City in Egypt, as well as participating in teaching different courses in Menoufia University.

Education

December 2018	PhD in Clinical Pharmacy, Faculty of Pharmacy, Tanta University, Tanta, Egypt. PhD Thesis: Role of Pentoxifylline as an Adjuvant Therapy in Treatment of Adult Patients with Major Depressive Disorder.
June 2014	MSc. in Pharmaceutical Sciences and Clinical Pharmacy, Faculty of Pharmacy, Tanta University, Tanta, Egypt. Master Thesis: Role of pentoxifylline and sparfloxacin in prophylaxis of spontaneous bacterial peritonitis in cirrhotic patients
May 2007	B.Sc. in Pharmaceutical Sciences 2007, excellent-honor degree (11th out of about 1200 students) with 87.17% Faculty of Pharmacy, Tanta University, Egypt.

Professional Experience

3/2024- till now	Associate professor at PharmD Department, Faculty of Pharmacy, Jadara University Teaching Clinical Pharmacy and Therapeutics, OTC course, selected topics in Pharmacy, and Pharmacology courses for Pharmacy students' program and Advanced Biostatistics for Master Students
2/2024- 3/2024- 02/2019- 12/2023	Associate professor at Clinical Pharmacy Department, Faculty of Pharmacy, University of Sadat City and Department supervisor. Assistant professor at Clinical Pharmacy Department, Faculty of Pharmacy, University of Sadat City and Department supervisor. Teaching pharmacotherapy courses for Clinical Pharmacy diploma students Supervising pharmacotherapy courses practical course Teaching advanced drug information course for Clinical Pharmacy diploma students Supervising advanced drug information practical course Teaching clinical pharmacokinetics course for Clinical Pharmacy diploma students Supervising clinical pharmacokinetics practical course Teaching drug interactions course for Clinical Pharmacy diploma students Supervising drug interactions course practical course Teaching healthcare course for Clinical Pharmacy diploma students Teaching Hospital Pharmacy and pharmacy practice theoretical course for level 3 students Supervising Hospital Pharmacy and pharmacy practice Practical Labs courses Teaching Community pharmacy theoretical course for level 4 students Supervising Community pharmacy Practical labs course Teaching drug information course for Clinical Pharmacy diploma students Supervising drug information practical course Teaching pharmacotherapy and clinical pharmacy (Cardiology, endocrine, Oncology, Hepatology, Gastroenterology, Infectious diseases, Virology, dermatology, and CNS

courses) theoretical courses for level 5 students

Supervising clinical pharmacy practical course.

Participated in setting the faculty bylaws for both undergraduate and postgraduate students as coordinator of the department.

Designing and revising course specifications ILOS as a quality team coordinator of the department

Supervising students' assignments and graduation projects

Teaching pharmacotherapy and clinical pharmacy (Cardiology, endocrine, Oncology, Hepatology, Gastroenterology, Infectious diseases, Virology, dermatology, and CNS courses) theoretical courses for at faculty of pharmacy, Menoufia university.

Supervising clinical pharmacy practical course

Teaching clinical pharmacokinetics course and supervising practical course at faculty of pharmacy, Menoufia university.

Teaching drug interactions course supervising practical course at faculty of pharmacy, Menoufia university.

Additional professional activities

Establishing the clinical pharmacy department starting from selecting, building a team, creating a system till the training of each teaching assistant inside the department

Responsible for the planning, directing, organizing, and controlling pharmacists to accomplish specific objectives.

Responsible for monitoring the performance of the department team.

Teaching students how to review patient's medical files, labs, and reports to optimize drug therapy.

Teaching students how to check each medication prescribed have corresponding indication or not to discuss if:

1-Medications need to be added

2-Medications need to be omitted

Teaching students how to check the dose taking into consideration differences in each age group, hepatic & renal functions, and severity of the disease to check if there is sub therapeutic dose or overdose to be discussed with physicians.

Follow drug monitoring parameters to confirm achievements of therapeutic goals, with minimal adverse effects or interactions occurrence.

Teaching students how to check for presence of any drug –drug, drug –food, drug –disease & drug – lab interactions and documenting the interaction-risk category.

Teaching students how to follow up Nurse Drug administration to be prepared correctly, taken in right dose, right time, right route, and right frequency to the right patient.

Teaching students how to proactively educate and advise nurses and other ward-based staff on the proper and safe use of medicines prescribed, including designing nurse educational brochures and leaflets.

Teaching students how to report medication errors during prescribing, transcribing, dispensing, monitoring, and administration.

Educating patients on their medications and continuous conversation to discuss any drug

problems and noncompliance.

Teaching students how to counsel patients and raising their awareness, including preparing educational brochures and information leaflets.

Teaching students how to reply to physicians and nurse's pharmaceutical, drug interactions, clinical queries and providing them with the latest information.

Teaching students how to take decisions in patients drug selection and monitoring.

12/
2016-
02/ 2019

Assistant lecturer at Clinical Pharmacy Department, Faculty of Pharmacy, University of Sadat City

Teaching practical clinical courses for clinical pharmacy /Pharm D students, including hospital pharmacy, biopharmaceutics and pharmacokinetics, clinical pharmacokinetics, Drug interactions and patient counseling.

Supervising case presentations and Journal clubs assigned for the students.

10/
2014-
12/ 2016

Assistant lecturer at Clinical Pharmacy Department, Faculty of Pharmacy, Badr University in Cairo

Teaching practical clinical courses for clinical pharmacy /Pharm D students, including hospital pharmacy, clinical pharmacokinetics, Drug interactions and patient counseling.

Supervising case presentations and Journal clubs assigned for the fellows.

9/ 2009-
10/ 2014

Methodology Senior Analyst in R & D Department at Sigma Pharmaceutical Company

Development and validation of new analytical methods for new products & ensuring that all products are complying with international standards & pharmacopoeia without any variations.

Improvements of running analytical methods.

Supporting Registration department.

Supporting Formulation activity of new products.

Analysis of R&D trials "for new products and current products under development"

Periodic analysis tests to ensure the validity of products methods for current products or new products.

8/ 2008-
9/ 2009

Hospital Pharmacist at the health unit in Mit Barra

Revising and dispensing prescription medicines for inpatients and outpatients.

Counseling outpatients at pre-paid department and preparation of drug information leaflets

Medical supplies orders

Preparing monthly consumption report

Managing stock appropriately and participating in monthly inventory

7/ 2007-
9/ 2014

Community Pharmacy Dispenser (Afternoon Shift)

Dispensing and revising prescription medicines to the public

Selling over-the-counter medicines

Responding to symptoms, counseling, and advising the public on the

treatment of minor ailment

Managing drug orders to the nearby hospital
